

BE PREPARED, STAY PREPARED

EVERY MINUTE COUNTS DURING HURRICANE SEASON

KNOW.

Know your risk.

Sign up for your community's emergency warning system. The Emergency Alert System (EAS) and National Oceanic and Atmospheric Administration (NOAA) Weather Radio also provide emergency alerts.

PREPARE.

Gather supplies.

Keep in mind each person's needs, gathering supplies for at least three days. Stock up on items such as food and water, non-perishable foods, first-aid supplies, prescriptions, pet supplies, flashlights, batteries, and remember to secure copies of important personal documents. Don't forget to charge electronics you may need.

PROTECT.

Protect your property.

Shutter your home as needed, review your flood insurance policy (or sign up for one) and declutter drains and gutters.

EVACUATE.

Make your evacuation plan.

Be familiar with your evacuation route and shelter locations.
