Overview

Today we will review...

• National Disaster Recovery Framework
• Federal Resources
• Pre-Disaster Recovery Plan
• Tools and Resources
• Recovery principles
• Roles and responsibilities
• Coordinating structure
• Planning guidance
• Overall process for sustainability
• Recovery Support Functions (RSFs)
NDRF Recovery Continuum

FOCUS
Normal activities

EMERGENCY RESPONSE & RELIEF
Returned & functioning
Returned & functioning at pre-disaster levels or greater
Improved & developed

RESTORATION – REPAIR – REPLACEMENT – IMPROVEMENT

PREPAREDNESS
ONGOING

SHORT-TERM
DAYS - WEEKS

RECOVERY
WEEKS - MONTHS

RECOVERY MONTHS - YEARS

RISK REDUCTION & READINESS
- Plan recovery strategies & actions
- Reduce risk
- Build community capacity & resilience
- Test disaster preparedness
- Build partnerships
- Plan for Business Continuity

RESPONSE
- Search & rescue
- Provide for basic human needs & support services
- Assess & understand risks & vulnerabilities
- Address health & safety issues
- Establish temporary health services
- Establish temporary interim infrastructure

SHORT/MEDIUM-TERM RECOVERY
- Provide interim housing solutions
- Initiate removal of debris/damaged buildings
- Engage networks/services for psycho-social support
- Establish new social & health service models
- Continue repair & rebuild
- Engage & inform community

LONG-TERM RECOVERY
- Permanent housing solutions
- Rebuild infrastructure to meet future community needs
- On-going psycho-social support
- Support economic & business growth
- Continue to build resilient communities
Recovery Support Functions (RSFs)

- Community Planning & Capacity Building
- Economic
- Health and Social Services
- Housing
- Infrastructure Systems
- Natural and Cultural Resources
How has NDRF worked in Harvey Recovery?

- Economic RSF
- Health and Social Services RSF
- Housing RSF
Pre- and Post- Disaster Recovery Plans

Pre-Disaster Recovery Plan
• Structure for managing recovery
• General policies and guidelines
• Hazard mitigation
• Adjustments in land-use policy and priorities
• Policies for funding of recovery activities.
• Identify recovery resources

Post-Disaster Recovery Plan
• Developed after disaster has occurred to deal directly with the known consequences.
How Plans Connect

- Mitigation Plan
- Comprehensive Plan
- Economic Development Strategy
- Other Local Plans

Inform the Pre-Disaster Recovery Plan, which sets the stage for Recovery Policies.

Which determines Long Term Recovery Plan (Post-Disaster). That may require the updating of Recovery Projects.
Local governments will need adequate numbers of trained staff to manage the workload of recovery efforts

- What does your jurisdiction’s needs look like

- Is staffing included in your recovery plan or other plans

Resources
Pre-plan

What other resources are needed
Exercise and Capacity Review

- Use locally based direct housing scenario
- Discuss the Direct Housing plan
- Discuss how to remove roadblocks; pre-planning
- Shape expectations of public regarding recovery
- Draft coordinated messaging plans
- Gather capacity information
