BE PREPARED, STAY PREPARED

Know your flood risk before it’s too late

- **Sign up for your community’s warning system.**
  The Emergency Alert System (EAS) and National Oceanic and Atmospheric Administration (NOAA) Weather Radio also provide emergency alerts.

- **Gather supplies in case you have to leave immediately or if services are cut off.**
  Keep in mind each person’s specific needs, including medication. Don’t forget the needs of pets. Obtain extra batteries and charging devices for phones and other critical equipment.

- **Protect your property.**
  Move valued items to higher levels. Declutter drains and gutters. Install check valves. Consider a sump pump with a battery.

- **Obtain flood insurance.**
  Homeowner’s policies do not cover flooding. Get good coverage under the National Flood Insurance Program (NFIP).
